Save Assessment: This button will create a new assessment in the database with the information the user input, followed by returning to the previous screen. The new assessment will now appear in the assessment list. See [6. List of Assessments.](#)

The screenshot shows a mobile application interface for editing assessment details. At the top, there is a dark blue header bar with a back arrow, the title 'Assessment Details', and a menu icon. Below the header, the form contains three input fields: 'Title' with the value 'PDUO', 'Start' with the value '2020-09-17', and 'End' with the value '2020-09-17'. Under these fields, the text 'ASSESSMENT TYPE:' is displayed. There are three radio button options: 'Pre-Assessment' (which is selected), 'Performance Assessment', and 'Objective Assessment'. At the bottom right of the form, there is a dark blue button labeled 'SAVE ASSESSMENT'. The status bar at the very top shows the time as 4:47 and various system icons.
